

Preliminary Program

Partners

With the patronage of

Friday October 9th, 2009

08:30 - Opening ceremony – Official welcome address

09:15

Opening of the conference

" Science, Society and Ethics "

Marina MAESTRUTTI, Doctor of Science Philosophy and Sociology -
University Paris 10 – Nanterre - France

A) The biological environment: emergent, bacterial, viral and parasitic pathologies, linked to the climatic change

**Chairman: Philippe HARTEMANN, Professor of Public Health –
Brabois Regional Hospital - Vandoeuvre-lès-Nancy - France**

9:30 – 10:30

Bettina MENNE - Medical Officer, World Climate Change and Health -
European Centre of the Environment and the Health- Rome - Italy
(conditional acceptance)

Emerging waterborne pathogens, climate change and consequences
for risk regulation

Martin EXNER – Professor- Director of the Institute for Hygiene and
Public Health – University of Bonn - Germany

10:30 Break

B) The Physical environment: electromagnetic radiations and health

Chairman: Jean-François CAILLARD - PU-PH, Professor and Hospital Practitioner - Department of Occupational Medicine, Professional and Environmental Pathologies - CHU - Rouen - France

11:00 – 12:15

Yvan TOUITOU - Professor of Medical Biochemistry and Molecular Biology - Pierre and Marie Curie University - Paris - France

Prof Thomas YOUNG, Professor of Physics – Switzerland

12:15 Exhibition visit

12:45 Lunch buffet

C) The chemical environment: water and medicinal product residues

Chairman: Gilles Eric SERALINI, Rouen - France

14:00 – 15:30

Jean-Marie HAGUENOER – Professor - President of the Health and Environment Committee – National Academy of Pharmacy – Lille – France

Environmental classification of medicines in Sweden according to their impact on the environment.

Dr Ake WENNMALM - Environmental Director - Stockholm County Council - Sweden

Presentation of the study “medicinal product residues in hospital effluents and in surface water”.

Joël SPIROUX – The Union of liberal Doctors for the Region Haute Normandy (URML HN), Rouen - France

15:30 Break

D) Transversal problems: disruption of health and ecosystems

Chairman: Thierry FREBOURG - Professor - CHU - Rouen – France

Micro ecosystems: cells and genomes

Study of physical and chemical pollutants of genomes

Gilles Eric SERALINI – Professor of Molecular Biology, Institute of Fundamental and Applied Biology (IBFA) – Caen University, Caen - France

President of the Scientific Council (CRIIGEN)

Thea M. EDWARDS (conditional acceptance) - University of Florida – Gainesville – Florida (USA)

Macro ecosystems

Pollution of the Seine estuary: impacts on health

François LE BOULENGER – Professor - Director of the Aquatic Ecotoxicology Laboratory (LEMA), Le Havre - France

Louise VANDELAC – Senior Professor – Institute of Environment - Quebec University, Montreal – Canada

17:00 Break

Food ecosystem: biodiversity and health

Chairman : Jean-Michel PANOFF, Institute of Fundamental and applied Biology (IBFA) – Caen University, Caen - France

About the microbiodiversity

Jean-Michel PANOFF, , Unit of Interest in Dairy and Alimentary Micro-organisms – Caen University, Caen - France

Food ecosystems: useful micro-organisms

Mrs Nathalie DESMAZURES, Conference Master, Unit of Interest in Dairy and Alimentary Micro-organisms – Caen University, Caen - France

The natural sources of probiotiques

Wilhelm HOLZAPFEL - Professor of Universities - Rohrbach - Germany

21:00 Gala evening

Saturday, October 10th, 2009

E) The cognitive environment

Chairman: Thomas JUNG

9 H 00 – 10 H 30

Nanotechnologies and impact on health

Vyvyan HOWARD, Molecular Biology Research Group, Ulster University – Northern Ireland

From knowledge to risk control: nanotechnologies and other examples

Corinne LEPAGE – Former Ecology Minister – Lawyer - Member of the CRIIGEN - Paris - France

10:30 Break

F) Environmental health education throughout Europe

Chairman: Louise VANDELAC

11:00 – 12:30

Three examples: France, Germany and The Netherlands

Round table discussion: 3 discussants representing Western Europe

Philippe HARTEMANN - Director of SERES – Vandoeuvre-lès-Nancy - France

Claudia HORNBERG, President of the German Society of Hygiene and Environmental Medicine – Germany

Yda ABMA, Public Health Doctor, Hollande Province - The Netherlands

12:30-13:00

Best poster Price

Lunch

G) European policy on environmental health: examples of national action and contingency plans

14:00 – 16:15

Jean-François CAILLARD - PU-PH - Department of Occupational Medicine, Professional and Environmental Pathologies - CHU - Rouen – France

Isabelle MOMAS - PU-PH - Laboratory of Public Health and Environment

Ursula ULRICH-VÖGTLIN

H) The socio-anthropological environment approach

Chairman: Joël SPIROUX – The Union of liberal Doctors for the Region Haute Normandy (URML HN), Rouen - France

Progress in ethics resulting from knowledge acquired in environment and health

Marina MAESTRUTTI, Doctor of Science Philosophy and Sociology - University Paris 10 – Nanterre - France

Relations between Health and the Environment: an example of the complexity of the world

Mr Edgar MORIN - Philosopher and Sociologist – Director of Research - CNRS - Paris - France

Philosophical closing of the Congress. Summary of the two days.

16:15 Closing ceremony

Jean-Luc Martinez – President
